

Forages, Cover Crops, Insurance, Herbicides,
Planting Dates... if these topics are of concern
to you, stop by the
EXTENSION OPEN HOUSE
nearest you!

SDSU Extension is hosting open house meetings in eight SD locations to address the current state of farming due to excessive moisture. These meetings will be come-and-go style with no formal presentations. Bring your questions and concerns regarding delayed planting, forages, cover crop mixtures, herbicides, insurance, etc. Experts will be on hand to answer questions, and offer further resources.

SDSU Ice Cream
Provided!
